

# Final Testing Report

Test case ID	Description	Testing result	Testing result
		Name of QA:Roman Kazakov OS: IOS 18.1 Browser #1: Safari	Name of QA:Roman Kazakov OS : Windows 11 Pro Browser #2: Chrome 130.0

## Login functionality

001 Pos_Log in with CORRECT credentials	Make sure that it is possible to login with correct credentials	✔ Passed	✔ Passed
002 Neg_Login with INVALID PASSWORD	Verify login fails when a valid username is used with an invalid password	✔ Passed	✔ Passed
003 Neg_Login with an INVALID USERNAME	Verify login fails when a Invalid username is used with an valid password	✔ Passed	✔ Passed

## User profile management

004 Pos_User profile Viewing	Verify that the user can successfully view their profile information.	✔ Passed	✔ Passed
005 Pos_User profile Editing and Saving	Verify that the user can successfully update their profile information and save the result.	✔ Passed	✔ Passed

006 Pos_Create new profile	Verify that the Administrator can create a new User profile.	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-231">https://cerebrumhubstudents.alassian.net/browse/FLEX-231</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-231">https://cerebrumhubstudents.alassian.net/browse/FLEX-231</a>
007 Pos_Profile Picture Upload	Verify that the user can successfully upload a profile picture.	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-232">https://cerebrumhubstudents.alassian.net/browse/FLEX-232</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-232">https://cerebrumhubstudents.alassian.net/browse/FLEX-232</a>
008 Neg_Invalid Email Format	Verify that the system shows an error when an invalid email format is entered.	Blocked	Blocked
009 Neg_Empty Required Fields	Verify that the system does not allow saving the profile with empty required fields.	 Failed	 Failed
010 Neg_Invalid File Format and Size Profile Picture	Verify that the system does not allow uploading an invalid file format and size for the profile picture.	Blocked	Blocked
011 Neg_Unauthorized Profile Access	Verify that unauthorized users cannot access or edit another user's profile.	 Passed	 Passed

Directory module functionalities			
012 Pos_Valid Single Filter	Verify filtering results based on a valid single criterion.	 Passed	 Passed
013 Pos_Valid Multiple Filters	Verify filtering results based on multiple valid criteria.	 Passed	 Passed
014 Pos_Reset Filter	Verify the reset filter functionality works as expected.	 Passed	 Passed

015 Neg_Invalid filter	Verify no results are displayed for an invalid filter combination.	✓ Passed	✓ Passed
016 Pos_Add to Favorite Successful	Verify that the person is successfully added to the favourites list when the "Add to Favourite" button is clicked.	✓ Passed	✓ Passed
017 Pos_Add to Favorite Updated	Verify that the favorites list is updated after adding an item to favorites.	✓ Passed	✓ Passed
018 Pos_Add to Favorite Toggle Add and Remove	Verify that the "Add to Favorite" button toggles between adding and removing an item from the favorites list.	✓ Passed	✓ Passed

<b>Logout</b>			
019 Pos_Logout Successful	Verify that the user is successfully logged out when the "Logout" button is clicked.	✓ Passed	✓ Passed
020 Pos_Loguot Session Expiration After Logout	Verify that the user session is terminated after logging out.	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>
021 Neg_Loguot Back Button After Logout	Verify that using the browser's back button does not restore the session after logout.	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>
022 Neg_Loguot During Network Failure	Verify the system's behavior when attempting to log out during a network failure.	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>	✗ Failed <a href="https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24">https://cerebrumhubstudents.a Hassan.net/browse/FLEX-24</a>

New employee self-registration process			
023 Pos_Successeful Registration	Verify that the user can successfully register with only mandatory information.	✔ Passed	✔ Passed
024 Neg_Invalid email format	Verify that the system does not accept invalid email formats.	✔ Passed	✔ Passed
025 Neg_Password Mismatch	Verify that the system does not allow registration if the password and confirm password do not match.	✔ Passed	✔ Passed
026 Neg_Blank Fields	Verify that the system does not allow registration if mandatory fields are left blank.	✔ Passed	✔ Passed
027 Pos_ValidPassword	Verify that a password meeting all requirements is accepted.	✔ Passed	✔ Passed
028 Neg_Password too short	Verify that the system does not accept passwords shorter than 8 characters.	✔ Passed	✔ Passed
029 Neg_Password No Uppercase	Verify that the system does not accept passwords without an uppercase letter.	✔ Passed	✔ Passed
030 Neg_Password No Lowercase	Verify that the system does not accept passwords without a lowercase letter.	✔ Passed	✔ Passed
031 Neg_Password no Number	Verify that the system does not accept passwords without a number.	✔ Passed	✔ Passed

032 Neg_Password No Symbol	Verify that the system does not accept passwords without a symbol.	 Passed	 Passed
033 Password Boundary Min Length	Verify that the system accepts passwords that are exactly 8 characters long and meet all other requirements.	 Passed	 Passed
034 Password Boundary Max Length	Verify that the system accepts passwords that are at the maximum allowed length (e.g., 50 characters) and meet all requirements.	 Passed	 Passed
035 Pos_Profile picture Valid JPG format	Verify that the user can upload a profile picture in <b>JPG format</b> within the allowed size and dimensions.	 Passed	 Passed
036 Pos_Profile Picture Valid NPG format	Verify that the user can upload a profile picture in <b>PNG format</b> within the allowed size and dimensions.	 Passed	 Passed
037 Neg_Profile picture Invalid file format	Verify that the system does not accept files in unsupported formats (e.g., GIF, BMP, etc.).	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-175">https://cerebrumhubstudents.alassian.net/browse/FLEX-175</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-175">https://cerebrumhubstudents.alassian.net/browse/FLEX-175</a>
038 Neg_Profile picture Exceeds Max Dimensions	Verify that the system does not accept images with dimensions greater than <b>1200 x 1200 px</b> .	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-175">https://cerebrumhubstudents.alassian.net/browse/FLEX-175</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-175">https://cerebrumhubstudents.alassian.net/browse/FLEX-175</a>
039 Pos_Enable App notifications	Verify that the user can enable app notifications.	 Passed	 Passed

<b>040 Pos_Enable Email notifications</b>	Verify that the user can enable email notifications.	 <b>Passed</b>	 <b>Passed</b>
<b>041 Pos_Enable Email and App notifications</b>	Verify that the user can enable email notifications.	 <b>Passed</b>	 <b>Passed</b>
<b>042 Pos_Disable notifications</b>	Verify that the user can disable all notifications.	 <b>Passed</b>	 <b>Passed</b>
<b>043 Pos_Registration Saved to Submissions</b>	Verify that a new user is saved to the <b>"Registration submissions"</b> after submitting a valid registration form.	 <b>Passed</b>	<b>vPassed</b>
<b>044 Pos_Aditional Info Fields</b>	Verify that the user can enter and save all optional fields (Title in the company, Department, Office, State and Region, Country, and Telephone number).	 <b>Passed</b>	 <b>Passed</b>

<b>Password recovery</b>			
<b>45 Pos PR Navigate To Password Restore</b>	Verify that the user can initiate the recovery process.	 <b>Passed</b>	 <b>Passed</b>
<b>046 Neg PR Invalid Email Format</b>	Verify that an error message is displayed if the user enters an invalid email format.	 <b>Passed</b>	 <b>Passed</b>
<b>047 Neg PR Non Existent Email</b>	Verify that an error message is displayed if email does not exist in the system.	 <b>Passed</b>	 <b>Passed</b>
<b>048 Pos PR Email Sent</b>	Verify that the user can receive an email with verification code after entering a valid, registered	 <b>Passed</b>	 <b>Passed</b>

	email.		
<b>049 Pos PR Verification Code Format</b>	Verify that the verification code consists of exactly 6 numeric symbols.	✔ Passed	✔ Passed
<b>050 Pos PR Resend Verification Code</b>	Verify that the user can resend verification code.	✔ Passed	✔ Passed
<b>051 Neg PR Invalid Verification Code</b>	Verify that an error message appears if an incorrect verification code is entered.	✔ Passed	✔ Passed
<b>052 Pos PR Correct Verification Code</b>	Verify that the user can proceed to the password entry page after entering the correct verification code.	✔ Passed	✔ Passed
<b>053 Pos PR New Password Entry</b>	Verify that the user can enter and save a new password after verification.	✔ Passed	✔ Passed
<b>054 Pos PR Login With New Password</b>	Verify that the user can log in using a new password.	✔ Passed	✔ Passed

Department Module			
<b>055 Pos DP View Department List</b>	Verify that the user can view a list of all departments sorted by name in ascending order.	✔ Passed	✔ Passed
<b>056 Pos DP Search by Partial Department Name</b>	Verify that the user can find a department using a partial match in the search.	✔ Passed	✔ Passed
<b>057 Pos DP Search by Full</b>	Verify that the user can find a	✔ Passed	✔ Passed

<b>Department Name</b>	department using a full match in the search.		
<b>058 Pos DP Filter By Parent Department</b>	Verify that the user can filter departments by one or multiple parent departments.	✔ Passed	✔ Passed
<b>059 Pos DP Filter By Office Location</b>	Verify that the user can filter departments by office location.	✔ Passed	✔ Passed
<b>060 Pos DP Filter By Contact Person</b>	Verify that the user can filter the department list by contact person associated with departments.	✔ Passed	✔ Passed
<b>061 Pos DP Add Bookmark</b>	Verify that the user can bookmark a department.	✔ Passed	✔ Passed
<b>062 Pos DP View Bookmark Departments</b>	Verify that the user can view a list of bookmarked departments.	✔ Passed	✔ Passed
<b>063 Pos DP Filter Bookmarks By Office Location</b>	Verify that the user can filter bookmarked departments by office location.	✔ Passed	✔ Passed
<b>064 Neg DP Invalid Search</b>	Verify that no results are displayed if an invalid or non-matching search term is entered.	✔ Passed	✔ Passed
<b>065 Neg DP Unbookmark Department</b>	Verify that a bookmarked department is removed from bookmarks when unbookmarked	✔ Passed	✔ Passed
<b>066 Pos DP View Complete Details</b>	Verify that the user can view the detailed information of a department.	✘ Failed <a href="https://cerebrumhubstudents.aflasian.net/browse/PLEX-177">https://cerebrumhubstudents.aflasian.net/browse/PLEX-177</a>	✘ Failed <a href="https://cerebrumhubstudents.aflasian.net/browse/PLEX-177">https://cerebrumhubstudents.aflasian.net/browse/PLEX-177</a>

067 Pos DP Fields Visibility	Verify that the detailed department page only displays non-empty fields.	 Passed	 Passed
068 Pos DP Navigate To Employee Details	Verify that the user can navigate to the employee details view by clicking on a key contact.	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-178">https://cerebrumhubstudents.alassian.net/browse/FLEX-178</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-178">https://cerebrumhubstudents.alassian.net/browse/FLEX-178</a>
69 Neg DP No Key Contacts Navigation	Verify that the user cannot navigate to employee details if no key contacts are listed.	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-178">https://cerebrumhubstudents.alassian.net/browse/FLEX-178</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-178">https://cerebrumhubstudents.alassian.net/browse/FLEX-178</a>
070 Pos DP Initiate Edit	Verify that the administrator can initiate editing of the department information from its details view.	 Passed	 Passed
071 Pos DP Add Mandatory Name	Verify that the administrator can add or edit the department name.	 Passed	 Passed
072 Pos Add Optional Description	Verify that the administrator can add or edit the department description.	 Passed	 Passed
071.1 DP Add Parent Department	Verify that the administrator can select or change the parent department.	 Passed	 Passed
072.1 DP Add Key Contact	Verify that the administrator can add or edit key contacts and their roles.	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-179">https://cerebrumhubstudents.alassian.net/browse/FLEX-179</a>	 Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-179">https://cerebrumhubstudents.alassian.net/browse/FLEX-179</a>
073 DP Add contact Email	Verify that the administrator can add or edit the contact email.	 Failed	 Failed
074 DP Add Contact Details	Verify that the administrator can add or edit contact details.	 Passed	 Passed

075 DP Link Office	Verify that the administrator can link a department to an office.	✔ Passed	✔ Passed
076 DP Upload Documents	Verify that the administrator can upload additional documents.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-180">https://cerebrumhubstudents.alassian.net/browse/FLEX-180</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-180">https://cerebrumhubstudents.alassian.net/browse/FLEX-180</a>
077 PD Add Links	Verify that the administrator can add or edit additional links.	✔ Passed	✔ Passed
078 Add Key Dates	Verify that the administrator can add or edit key dates.	✔ Passed	✔ Passed
079 DP Save Changes	Verify that all changes are saved and published for the rest of the company.	✔ Passed	✔ Passed

<b>Events module</b>			
080 EM View All Events	Verify that the user can see the list of all added events.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-181">https://cerebrumhubstudents.alassian.net/browse/FLEX-181</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-181">https://cerebrumhubstudents.alassian.net/browse/FLEX-181</a>
081 EM Sort Event	Verify that the user can sort events by Start date, End date, Event type and Office.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-182">https://cerebrumhubstudents.alassian.net/browse/FLEX-182</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-182">https://cerebrumhubstudents.alassian.net/browse/FLEX-182</a>
082 EM Search Event By Name	Verify that the user can search for an event by name (including partial match)	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-183">https://cerebrumhubstudents.alassian.net/browse/FLEX-183</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-183">https://cerebrumhubstudents.alassian.net/browse/FLEX-183</a>
083 EM Filter Events	Verify that the user can filter events by Type, Office, and Start date.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-184">https://cerebrumhubstudents.alassian.net/browse/FLEX-184</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-184">https://cerebrumhubstudents.alassian.net/browse/FLEX-184</a>
084 EM Bookmark Event	Verify that the user can bookmark	✔ Passed	✔ Passed

	an event.		
<b>085 EM View Bookmarked Events</b>	Verify that the user can see all bookmarked events	✔ Passed	✔ Passed
<b>086 EM View Event Details</b>	Verify that the user can access and view events details from the list of all events.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-185">https://cerebrumhubstudents.alassian.net/browse/FLEX-185</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-185">https://cerebrumhubstudents.alassian.net/browse/FLEX-185</a>
<b>087 EM Verify Event Details Content</b>	Verify that all event details are accurate and displayed as expected.	✔ Passed	✔ Passed
<b>088 EM Handle Empty Fields</b>	Verify that empty fields are not displayed in the event details.	✔ Passed	✔ Passed
<b>089 EM Verify Navigation From Event Details</b>	Verify that the user can navigate back to the list of events from the event details page.	✔ Passed	✔ Passed
<b>090 EM Add New Event</b>	Verify that the administrator can add a new event from the list of events.	✔ Passed	✔ Passed
<b>091 EM Validation On Event Form</b>	Verify validation for mandatory fields while adding a new event	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>
<b>092 EM Edit Event</b>	Verify that the administrator can edit an event from the event details view.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>
<b>093 EM Delete Event</b>	Verify that the administrator can delete the event from the event details view.	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>	✘ Failed <a href="https://cerebrumhubstudents.alassian.net/browse/FLEX-186">https://cerebrumhubstudents.alassian.net/browse/FLEX-186</a>
<b>094 EM Cancel Delete Event</b>	Verify that the administrator can	Blocked	Blocked

	cancel the deletion of an event.
